July 11, 2018

Dear Vendor Community,

It is my responsibility to report to our vendor community that there will be a short delay to some of the June Purchase of Service payments by North Bay Regional Center. The Department of Developmental Services (DDS) recently informed us that our next advancement will not be issued to NBRC from DDS until sometime next week. NBRC relies on these funds to pay vendors for the invoices submitted for June services.

NBRC currently has enough funds available to pay the June invoices for residential care services, supported living services, and day programs. The invoices for these three services will be processed as scheduled on July 13th. NBRC will work to get all remaining services paid out to vendors as soon as we receive the funds from the state. DDS has indicated that the delay will be short, and that Regional Center funding will be received no later than July 20th.

We understand how disruptive this delay can be for our vendor community and we deeply regret this situation. NBRC is actively working with DDS to ensure that we minimize the impact of the delay and distribute funding as soon as possible. NBRC is also working to establish a line of credit in the future in order to avoid any additional disruptions to our cash flow.

We will communicate new information, as soon as we receive it. In the meantime, feel free to contact Isabel Calder at (707) 256-1119 or isabelc@nbrc.net with any questions.

Thank you,

Gabriel Rogin

Executive Director

North Bay Regional Center
