Reminder: If the service month of the invoice is the current month, it can not be submitted until a certain date. The date is usually near the 27th or the 28th. This date is determined by each Regional Center. An invoice can not be submitted prior to that date for the month of service. For example, if the service month is November and the Regional Center set the submit date to the 27th, the first date the invoice can be submitted is 11/27.
